

GRANDI AZZURRI FIELD TRIP TO 595 MARIPOSA

January 11, 2018

Interested in broadening their horizons in architecture and development, Presidio Bay was happy to have welcomed Olive School's Grandi Azzurri preschool class on their field trip to our property at 595 Mariposa. RG Architecture's Riyad Ghannam guided the children through the basics of construction, starting with original blueprints of the site through renderings of the soon-to-be finished building.
