

INTRODUCTION OF PRESIDIO BAY VENTURE ADVISORY SERVICES

January 31, 2018

Presidio Bay today announced the introduction of Presidio Bay Venture, which provides Seed, Series A and other preferred security investments in companies that provide products or services to the real estate, government, finance, consumer, workflow/project management, security, design, construction and analytics industries. Leveraging Presidio Bay's deep network of relationships in the capital markets, brokerage, construction, design, engineering, asset management and property management industries, Presidio Bay Venture helps portfolio companies scale their operations, grow their customer base, and refine their product offerings in preparation for the next stage of expansion.
